

Dealing with us will be the easy part of your day

Gyver Networks makes it easy to manage all aspects of your network and IT projects, including budget, prioritization, tracking, scope, duration, documentation, and much, much more.

The screenshot displays the Gyver Networks web application interface within a Windows Internet Explorer browser window. The browser address bar shows the URL: <https://portal.gyvernetworks.com/XYZ/SitePages/Home.aspx>. The application features a navigation menu with options like 'New Item', 'New Folder', 'View Item', 'Edit Item', 'Delete Item', 'Attach File', 'Alert Me', 'Workflows', 'Approve/Reject', 'I Like It', and 'Tags & Notes'. The main content area is divided into several sections:

- Documents:** Includes Site Pages, Shared Documents, Lists, Calendar, Projects, Task List, and Hours.
- Projects:** A table with columns for Title, Start Date, Due Date, and % Complete. It includes a Gantt chart for visual tracking.
- Task List:** A table with columns for Issue ID, Title, Assigned To, Issue Status, Priority, and Due Date.
- Help:** Provides instructions for using the Projects, Task List, and Shared Documents features.
- Retainer Hours Left:** A section for monitoring retainer hours, showing an indicator and goal value status.

3	Install UPS and configure alerts	Gyver Team	Active	(2) Normal	

Help:

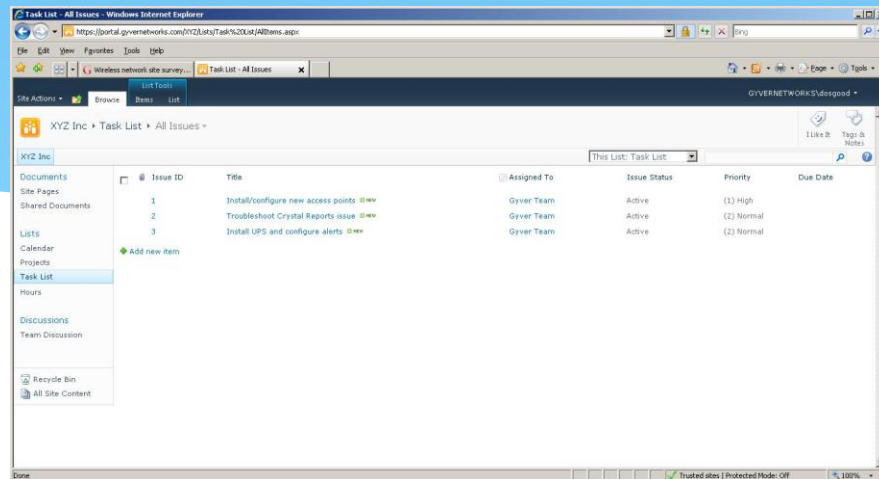

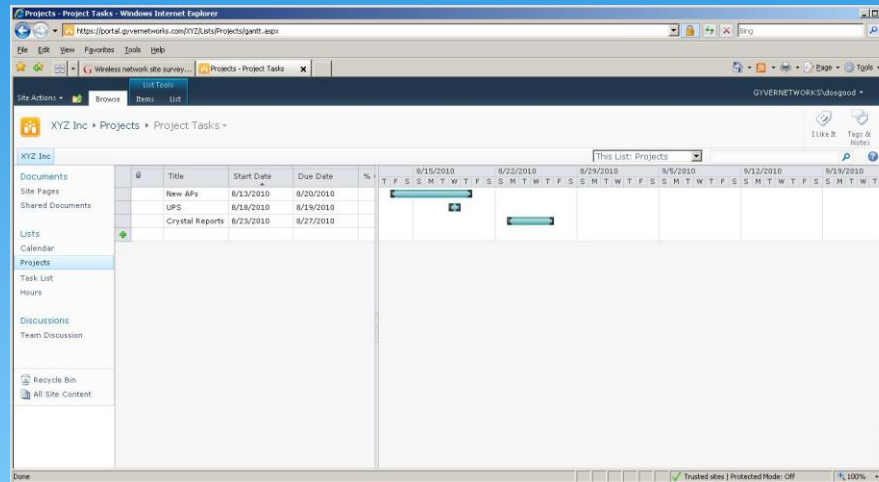

- * Projects is for keeping track of major projects, such as the database process.
- * Task List is for trouble calls and other issues that need to be resolved.
- * Shared Documents includes any documents that need to be shared among customer and Gyver Networks.
- * If you have purchased a retainer, please see the details under "Retainer Hours left". If you are under the goal of 25 hours, the status will turn yellow as a reminder. If under 15 hours, the status will turn red letting you know you are almost out of hours. Please click "Retainer Hours Left" for full details of work done.
